Yuk Yin School

Plan on the Utilization of One-off Grant for Promotion of Self-directed Language Learning (English Language) (2026/2027)

Our school will use the remaining balance: $59,207 on the following areas to promote self-directed English language learning and/or enrich the English learning environment:

Areas	Timetable	Objective	Target	Planned expenses (HK$)	Methods of Evaluation
1. Procuring and/or subscribing to learning resources	The whole year	To foster students' regular English reading habits through the use of e-readers, thereby strengthening their foundation in English	P.1-6	$16,534	Usage report of Raz-kids
	The whole year	To develop students' self-directed language-learning skills through the use of an AI learning platform, with the aim of improving their English-speaking skills	P.1-6	$17,000	Usage report of the AI system
	The whole year	Purchase additional reading pens for new students to borrow, in order to support English language acquisition by expanding vocabulary and reinforcing pronunciation	P.1-6	$10,773	Questionnaires
2. Purchasing services related to learning and teaching	Second term 2027	Arrange for students to participate in an Ocean Park outreach programme featuring an interactive English-language seminar and a carnival about nature exploration. The objective is to spark students' curiosity about nature and promote environmental awareness through interactive learning experiences.	P.1-6	$15,000	Teachers' observation
Total expenditure				HK$59,307	

The full allowance has been used, and no balance remains.
